Dear Human Resource Manager,

I would like to take this opportunity to make a positive recommendation on behalf of Raymond Brooks. Ray has been with my organization, the Xerox Account Technical Support Center in St. Petersburg, Florida, as a contract employee for approximately ten (10) months. During this time Ray has provided significant contributions in many different aspects. Upon joining our team he immediately established his presence as a self starter. He demonstrated excellent work disciplines and the ability to function with little or no supervision. After approximately one month Ray was asked to temporarily back fill a vacancy in one of the Xerox District Offices as the sole EDS representative System Administrator, supporting the Local Area Network (LAN) and the Personal Computer (PC) population in Ft. Lauderdale. Ray stepped up to this challenge extremely well, and reestablished the credibility which was eroded by his predecessor. Ray returned to St. Petersburg after a permanent replacement could be arranged, and continued to perform beyond expectations as a Technical Support Agent on Xerox' Nationwide Client/Server Help Desk. Ray's natural leadership abilities surfaced and through selection by his tearmates became the Second Shift Supervisor.

Ray is results oriented, always delivers quality results and service, and maintains a courteous professional demeanor. I therefore recommend Ray Brooks as a potential candidate for either a position as an individual contributor in PC/LAN technical support, or in a leadership capacity, especially dealing with the client/server operation environment.

Sincerely.

Subject: Letter of Recommendation for Ray Brooks

It is my pleasure to provide a letter of recommendation for Ray.

Ray provides excellent customer service and support at the Help Center and is always willing to go the extra mile to obtain an answer for a client. He is patient and professional and knows how to get quickly to the solution. He works well with the other representatives and has always provided encouragement and help to his team members. He is well liked by all and many times customers ask for him by name because of stellar service they have previously experienced.

I seek Ray's expertise and excellent counsel and have found his judgment logical and sound, consistent, and reliable. He truly contributes to making EDS a success and profitable company, and has that "extra plus" that makes the difference every time.

You are welcome to call me if I can provide further insight into this remarkable individual. My work number is 813-556-1091.

Sincerely,

To Whom It May Concern:

I have known Ray Brooks since January, 1996 when he joined Chase Manhattan Mortgage Corporation in Technology Support as a contract employee. Ray was our designated PC technician and serviced approximately 300 to 400 users.

I can say without hesitation that Ray is one of the most knowledgeable and responsive technicians that we have ever had. Ray has excellent follow up skills and handled our problems efficiently and expeditiously. He often had answers to problems that no one else previously could determine. He cares a great deal about his users and made them feel comfortable discussing their technical problems with him. It didn't matter how small or repetitious the problem was -- he brought a smile and unfailing patience to the situation.

Ray has great people skills and the ability to interact with staff at all levels of the organization. He has an excellent sense of humor and frequently made his users laugh in the midst of stressful situations!

Ray would add value to any business or organization that he joins - he possesses that rare combination of competence, integrity, and respect for his user community.

I would be happy to discuss Ray at any time. I may be reached at (813) 785-2595.

Sincerely,

Dear Ray:

It is my pleasure to congratulate you on becoming a Service Star winner!

The Service Star program recognizes employees who deliver excellent service to both our internal and external customers. This Service Star is being awarded for your dependability and hard work. You have proven to be a quick learner and have a strong technical knowledge. Your nominator, Ansab Khan, feels you are always focused, friendly and courteous. You are an example of an employee living up to the Chase values.

Ray, your dedication to quality service is greatly appreciated by both your colleagues and senior management. Once again, congratulations on a well deserved award.
